## Monitor your ITCIB business credit report?

Trade credit reports form the basis for decisions other trade make about you. By using a convenient, online trade credit reporting service from ITCIB, you can make sure that data in your trade credit report is accurate, which will enable the following financial decisions:

- How much Trade credit a supplier will extend to you?
- What interest rates you will pay?
- How much money lending institutions will loan you?
- How your customers view you?
- What your insurance premiums will be?
- The level of potential investor interest?
